Location: Bratislava
Contract Value: -
Completion: 04/2012

Awards:
The Construction of the year 2011 - The Association of Construction Entrepreneurs of Slovakia Award for exceptional quality of the development

Residential development on Hlboka street is a complex adaptation of a protected structure of Schlessinger clinic. It was a unique opportunity to create a luxury and spacious apartments in the historic city centre. The former concept of a clinic was unchanged and only the best materials were used with particular emphasis on workmanship.

The development also consists of wellness centre, Indian, Japanese and Pressburg restaurant as well as underground parking for residents.
