

Location: Bratislava  
Contract Value: -  
Completion: 01/1970

Hornex is preparing construction of two residential buildings at the moment. The new residential complex is located between Partizanska and Bradlianska street on the site of former haematology clinic. The aim of this project is to create a quality living in an exclusive part of Bratislava old town.

It is a design-build project and we are in charge of preparation of complex project documentation, all required legal permissions and also we will be in charge of construction.
