

Parking House Kramare

HORNEX

Location: Bratislava
Contract Value: -
Completion: 03/2019

Our company has constructed a new parking facility in Kramare.

The three-story building houses a total of 82 parking spots, and is situated at the intersection of Stromova, Limbova and Vlarska streets. The parking house will serve as a solution to alleviate the static traffic in the area.

This open parking house features a facade made of a combination of exposed concrete and wood. Additionally, the facility has several designated parking spots with electric vehicle charging stations.
