

# New sewer system and sewer tanks

**HORNEX**

Location: Nitrianske Pravno  
Contract Value: 6.79 mil. EUR  
Completion: 07/2021

Our company has successfully constructed a new sewer system and sewage tanks in the village of Nitrianske Pravno.

This project spans over twelve kilometres, including the installation of sewer shafts and a wastewater treatment plant, which will benefit the residents of the village by providing an efficient sewage system.
