

Location: Poprad  
Contract Value: 42.29 mil. EUR  
Completion: 06/2026

Our company, in association with Adifex, is currently undertaking a comprehensive reconstruction of the Poprad Hospital.

The aim of the reconstruction is to reduce the energy consumption of the buildings to meet current environmental standards. During the renovation, the main focus will be on insulating the buildings, replacing and modernizing the heating system. Some parts of the hospital will undergo extensive renovation to better serve patients in the future within the framework of modern and accessible healthcare.
